

## I Miss You Poems

Poem about Life | Free Verse Poem | I Miss You Poems

I feel so worried, as if I'm going to get sick,  
If it was a trick, I would be delighted to wake up,  
I don't see you for a while, as if I am isolated,  
As isolation will blow my mind away

Through the ice, I hear your voice,  
As if it's the only hope, that I can't cope,  
Your voice gets spotted, but still stuck in ice,  
As your voice gets louder, I start to sink

They pull me down, while you try to pull up,  
They won't stop neither you,  
Since you never showed up on the right spot,  
I feel lonely as I miss you

I feel so sad that I only visited you for a day,  
As gloom surrounds my wishes and dreams,  
Without expressing or anyone knowing,  
As I know, I miss you

I am stuck on an island missing you,  
My feelings are being fearful,  
As you are not around,  
Please comeback, I miss you
